Atlas Shrugged: 35th Anniversary Edition By Ayn and Leonard Peikoff Rand

Atlas Shrugged is Ayn Rand's fourth and last novel, it was also her longest, and the one she considered to be her magnum opus in the realm of fiction writing. Atlas Shrugged includes elements of science fiction, mystery, and romance, and it contains Rand's most extensive statement of Objectivism in any of her works of fiction. The book depicts a dystopian United States, wherein many of society's most prominent and successful industrialists abandon their fortunes and the nation itself, in response to aggressive new regulations, whereupon most vital industries collapse.
