### Editorial Review

#### Review

From the reviews:

"At long last, a book devoted to regular expressions in Java. ... author Mehran Habibi does a pretty good job .... lots of examples, with clear coding and an annotated explanation .... for those who want to get the most out of the regular expressions this is worth having around. ... Having covered all of the core concepts and methods .... appendices provide some additional reference material, concluding with a set of common useful patterns. ... the book does provide a very firm grounding ..."
