From Library Journal

Kay Scarpetta, chief medical examiner of Virginia and heroine of *Postmortem*, gets involved in the case of a brutal stabbing death in Richmond of romance writer Beryl Madison. Now Madison's greedy lawyer accuses Scarpetta of losing his client's latest manuscript, an autobiographical expose of Beryl's early life as protege of a legendary novelist. As more deaths occur and the killer closes in on her, Kay suffers palpitations over the sudden and devious reappearance of long-lost lover Mark but still finds time to provide forensic details. Despite its foregone conclusion, a swift-moving, thrilling, and provocative second novel.

Review

*The Los Angeles Daily News*

Cornwell has the milieu and the facts down cold...a complex story that wends a devious path through dark spaces where corpses are discovered at practically every turn.

*The Washington Post Book World*

Takes the reader into the fascinating world of the forensic crime lab...a complex, multi-layered novel with enough twists and turns for two books.
