## **Education, Democracy and Political Development in Africa** By Clive Harber

For most of the post-independence period African states have been ruled by one-party and military regimes. Writers on political development theory came to see this as inevitable. Pressures both from within Africa itself and from outside, however, have rekindled debates about democracy in the African context and have led to a whole raft of multi-party elections. ... This book aims to provide a political analysis of education in Africa within the context of democratization.

### Editorial Review

#### Review

“Provides excellent and well-referenced insights into the schooling systems, curricula, and teacher training of a wide range of African countries and argues that sustaining democracy requires reform, reschooling, and retooling. Highly recommended for those interested in international and comparative education, as well as social and political service.” —*Choice*

#### About the Author

Clive Harber is Professor of Education at the University of Natal, South Africa. He has written widely on educational matters.

### Users Review
