## ICT Ethics and Security in the 21st Century: New Developments and Applications By Marian Quigley

The rapid, global growth of technology necessitates a continued review of issues relating to privacy and security, as well as studies on the adoption of and access to new products, tools, and software.

**ICT Ethics and Security in the 21st Century: New Developments and Applications** highlights ethical dilemmas and security challenges posed by the rise of more recent technologies along with ongoing challenges such as the digital divide, threats to privacy, and organizational security measures. This book comprises a valuable resource for ICT researchers, educators, students, and professionals along with both employers and employees of large organizations searching for resolutions to the everyday ethical and security dilemmas we must grapple with in our highly globalised and technologized world.

### Editorial Review

#### About the Author

**Marian Quigley**, PhD, BA, HDTs (Art & Craft) is an Adjunct Research Fellow in the Faculty of Information Technology, Monash University, an Animation Curator for *australianscreen online*, and a freelance writer, editor, and artist. Marian has over thirty years of teaching experience in secondary and tertiary institutions teaching Art, English, Creative Writing, Communications, Media Studies and Information Ethics and has also supervised a number of postgraduate and honours students. Prior to her retirement in 2006, she was a senior lecturer, postgraduate coordinator and director of research in the Berwick School of Information Technology, Monash University. Marian's major research interests are the social effects of information and communication technologies and animation. She has published three books: *Encyclopedia of Information Ethics and Security* (IGI Global, Hershey, PA, USA, 2007); *Women Do Animate: Interviews with 10 Australian Women Animators* (Insight Publications, Mentone, Australia, 2005) and *Information Security and Ethics: Social and Organizational Issues* (IRM Press, Hershey, PA, USA & London, UK, 2005), as well as numerous book chapters, journal articles and conference papers.

### Users Review

#### From reader reviews:

##### **Paul Delatorre:**

Why? Because this ICT Ethics and Security in the 21st Century: New Developments and Applications is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will surprise you with the secret it inside. Reading this book beside it was fantastic author who also write the book in such awesome way makes the content inside easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of advantages than the other book get such as help improving your expertise and your critical thinking way. So , still want to hold off having that book? If I were being you I will go to the publication store hurriedly.
