Editorial Review

Review

"Interpreting the Playscript has a great deal to offer teachers and students interested in analyzing contemporary plays that do not use traditional forms. It is the first book I have seen that devotes significant space to identifying serious methods of analyzing unconventional plays, alongside the most useful methods of traditional script analysis. I have long been looking for just such a text to use in my courses - one that helps to rigorously develop the artist's response to a script." - Shelley Orr, Lecturer, San Diego State University and Past President, Literary Managers and Dramaturgs of the Americas

"I am convinced that this book will become an important text for studies in play and script analysis. It promises to draw in various levels of students and theatre practitioners because of its unique introduction of inner contemplation via Zen philosophy and practice. It also lays possibly new and interesting groundwork for further exploration into successful script analysis and acting." -- Gail Medford, Professor of Theatre Arts, Bowie State University
