### Review

"A solid primer on the Arab Spring...[Gelvin's] background on the Arab world will certainly help non-experts better understand the region...A useful attempt to understand a still-unfolding story." --Kirkus Reviews

"This impressive achievement brings together a vast amount of information in a lucid manner. Highly recommended." --Library Journal

"A remarkably readable, informative, slim volume...Of particular worth is James Gelvin's ability to show how the protests are interlinked, yet also independent of each other. Brief forays into the Palestinian/Israeli conflict and the current state of al-Qaeda are also illuminating...an excellent primer for the general reader." --Publishers Weekly

"This impressive achievement brings together a vast amount of information in a lucid manner. Highly recommended." --Library Journal

"A solid primer on the Arab Spring...[Gelvin's] background on the Arab world will certainly help non-experts better understand the region...A useful attempt to understand a still-unfolding story." --Kirkus Reviews

"Highly recommended...Gelvin's claim to provide "what everyone needs to know" does not unduly exaggerate the usefulness of the book for students and other nonspecialists. Even specialists in contemporary Arab affairs will benefit in some ways, notably by using it as a model in their own teaching and general writings." --CHOICE

"James Gelvin has throughout his career explained to us the role of popular demonstrations and symbolic action in the modern Middle East. There could be few more expert guides for the public to the remarkable Arab uprisings of 2011. Gelvin avoids easy answers for the hard one, and never prefers simple theory to complex realities." --Juan Cole, Richard P. Mitchell Collegiate Professor of History, University of Michigan

### About the Author
