## The Wedding By Nicholas Sparks

With The Notebook, A Walk to Remember, and his other beloved novels, #1 New York Times bestselling author Nicholas Sparks has given voice to our deepest beliefs about the power of love. Now he brings us the long-awaited follow-up to The Notebook—a story of an ordinary man who goes to extraordinary lengths to win back the love of his life... After thirty years, Wilson Lewis is forced to face a painful truth: the romance has gone out of his marriage. His wife, Jane, has fallen out of love with him, and it is entirely his fault. Despite the shining example of his in-laws, Noah and Allie Calhoun, and their fifty-year love affair (originally recounted in The Notebook), Wilson himself is a man unable to express his true feelings. He has spent too little time at home and too much at the office, leaving the responsibility of raising their children to Jane. Now his daughter is about to marry, and his wife is thinking about leaving him. But if Wilson is sure of anything, it is this: His love for Jane has only grown over the years, and he will do everything he can to save their marriage. With the memories of Noah and Allie's inspiring life together as his guide, he vows to find a way to make his wife fall in love with him...all over again. In this powerfully moving tale of love lost, rediscovered, and renewed, Nicholas Sparks once again brings readers his unique insight into the only emotion that ultimately really matters.

### Editorial Review

From Publishers Weekly

Sparks's 1996 debut novel, *The Notebook*, was a fast and easy read that sold millions upon millions of copies. Other bestselling love stories followed (*Message in a Bottle*; *A Walk to Remember*; *The Guardian*), but Sparks's fans have from the very beginning eagerly anticipated a sequel to the romantic tale of Allie and Noah Calhoun. The wait is now over. Attorney Wilson Lewis has been married to Noah and Allie's daughter, Jane, for 30 years. Wilson and Jane have raised three children and lived a satisfying and prosperous life in the bucolic town of New Bern, N.C. After forgetting his anniversary, Wilson realizes that the passion and romance have gone out of his marriage and fears his wife no longer loves him. Being a methodical man, he decides to embark on a yearlong program to renew his romantic ties to his wife, seeking out the advice of Noah, who now spends his days in a retirement home feeding a swan he is sure is the reincarnation of his beloved Allie. In the midst of Wilson's machinations, his daughter Anna announces she is getting married. The upcoming wedding provides Wilson with the opportunity to bring his elaborate plan to fruition. Sparks tells his sweet story competently, without sinking too deeply into the mire of sentiment; a gasp-inducing twist comes at the very end. Satisfied female readers will close the covers with a sigh and a wish that a little of the earnest, too-good-to-be-true Wilson might rub off on their own bedmates.

Sparks returns to characters from *The Notebook* (1996) and writes about Allie and Noah Calhoun's oldest daughter, Jane, and her husband, Wilson. As their thirtieth anniversary approaches, Wilson realizes that he loves Jane now more than ever and worries that his neglect (he completely forgot their twenty-ninth anniversary) may have finally driven her away. Wilson plans on showing Jane how much he loves her, but then their oldest daughter, Anna, announces that she and her boyfriend are getting married and asks if they can plan a small utilitarian wedding on her parents' anniversary. Jane agrees to share the date and convinces Anna to have a formal wedding; something that Jane missed. Jane is surprised by Wilson's willingness to work and ability to come up with truly miraculous arrangements. This sort of involvement is out of character for Wilson, a workaholic estate attorney in New Bern, North Carolina, but he really is determined to change, and Sparks is at his romantic best in this tender love story about a flawed hero trying to right his wrongs.
