**Transformers: Exodus: The Official History of the War for Cybertron** By Alex Irvine

*For twenty-five years the colossal battle between Megatron and Optimus Prime has captivated Transformers fans around the world. Now, for the first time, here is the thrilling saga of Optimus and Megatron before they were enemies, before they arrived on Earth, before they even knew each other.*

On the caste-bound planet of Cybertron, Megatron, an undefeated gladiator, gives voice to the unspoken longings of the oppressed masses—and opens the mind of Orion Pax, an insignificant data clerk who will become Optimus Prime. What happens between Orion Pax and Megatron forever changes the destiny of all Transformers. This gripping, action-packed novel reveals all the loyalties and treacheries, trust and betrayals, deadly violence and shining ideals, as well as the pivotal roles played by other well-known characters.

Discover how meek disciple Orion Pax becomes the fearless leader Optimus Prime; follow the tantalizing clues about the lost Matrix of Leadership and the lore surrounding it; find out why the two allies fighting a corrupt regime suddenly turn on each other, and what triggers their epic war. *Transformers: Exodus* provides everything fans ever wanted to know about one of the fiercest rivalries of all time.

### Editorial Review

#### From [Booklist](#)

*Transformers: Exodus* is precisely the origin story that the franchise needed. It's entertaining, filled with the sort of epic battles Transformers lend themselves to, and keeps readers breathless with anticipation even though we already know how it ends. Megatronus was a gladiator until he got his name and started thinking about the way Cybertron's caste system diminished the bots' potential. Orion Pax was a data worker—a librarian, really—under the master archivist. The archivist is more than he seems, and provides a great deal of context for the history of Cybertron, and a few key *deus ex machina* twists. Orion Pax, now known as Optimus Prime, is an honest character, who never asks for the greatness that is forced upon him; Megatron, on the other hand, is an egomaniacal tyrant. But in the framework of a political revolution and the civil war that overthrows a system that had practically calcified, there are terrible fights, friendships made and broken, and the beginnings of a genuine epic; above all, it's fun to read. --Regina Schroeder
