### Odd Mom Out (Bellevue Wives, Book 1) By Jane Porter

Advertising executive Marta Zinsser is no poster child for her wealthy Seattle suburb—and nothing could please her more. This former New Yorker wears combat boots, not Manolos, and drives a righteous Harley hog instead of a Mercedes SUV. Now she's launching her own agency in this land of the Microsoft elite, even though her ten-year-old daughter wishes she'd put on a sweater set and just *be normal*.

Can this ex-urbanite remain uniquely herself without alienating the inner circle of smug, cookie-cutter executive wives? And when push comes to shove, can she stop being the proud odd mom out and take a chance at something frighteningly—and tantalizingly-new?

### Editorial Review

#### From Publishers Weekly

Marta Zinsser has made her nine-year-old daughter Eva, conceived through sperm donation, her whole world. The two move from Manhattan to a wealthy Seattle suburb, where Marta plans to run a successful advertising agency from home and be close to her ailing mother. Soon however, Marta's bohemian ways stick out like a sore thumb among the impeccably groomed housewives of Bellevue. Pressured by a tenderly and believably drawn Eva to be a real mom, Marta signs up for school chaperoning and committee duties, with near-disastrous results. And when Marta falls for a handsome billionaire, she must decide whether to refocus her lone wolf self-image enough to allow a man to enter the picture. The alpha moms Marta detests are cartoonish, catty villains, and self helpse creeps into the plot gaps. But Marta is an intriguing heroine: she values freedom and toughness, but her jeans and combat boots mask vulnerability, heartbreak and fear of change. (Sept.)

Marta Zinsser is not your typical suburban mom. Single, strong, and confident, she wears camouflage pants and chunky boots and rides a motorcycle. When her New York advertising firm asks her to open a branch in Seattle, she agrees to return to her hometown, mostly because of her mother's ill health. Now she's running her own firm out of her house, while her nine-year-old daughter is trying and failing to fit in at her new school. Eva is heartbroken, but Marta, who has never felt the need to be part of the pack, is at a loss as to how to help. Eva's subsequent attempts to change Marta into a normal mom and her sudden, not-so-subtle hints that Marta should get married and create a regular family are funny and poignant. With the increasing demands of her daughter, her ailing mother, and work, Marta's life begins to spiral out of control in a way most women will all-too-readily recognize. Porter's tale of a mother and daughter's journey to "normalcy" is keenly emotional and truly uplifting. Hatton, Maria
