The Drug Effect: Health, Crime and Society From Cambridge University Press

The Drug Effect: Health, Crime and Society offers new perspectives on critical debates in the field of alcohol and other drug use. Drawing together work by respected scholars in Australia, the US, the UK and Canada, it explores social and cultural meanings of drug use, and analyses law enforcement and public health frameworks and objectives related to drug policy and service provision. In doing so, it addresses key questions of drug use and addiction through interdisciplinary, predominantly sociological and criminological, perspectives, mapping and building on recent conceptual and empirical advances in the field. These include questions of materiality and agency, the social constitution of disease and neo-liberal subjectivity and responsibility. This book provides a fresh scholarly perspective on drug use and addiction by collecting top quality original work, written by a mix of international leaders in the field and emerging scholars working at the cutting edge of research.

Editorial Review

About the Author

Suzanne Fraser is based in the Centre for Women's Studies and Gender Research, School of Political and Social Inquiry, Faculty of Arts, Monash University, Melbourne, Australia. She is the author of three books on health, the body and society including *Making Disease*, *Making Citizens: The Politics of Hepatitis C*.

David Moore is based at the National Drug Research Institute, Curtin University, where he leads the Ethnographic Research Program. He has written extensively on the social and cultural contexts of alcohol and illicit drug use and is currently working on a book provisionally entitled *Habits: Rethinking Addiction*.

Users Review

From reader reviews:

Ginger Amundson:

Book is usually written, printed, or outlined for everything. You can know everything you want by a e-book. Book has a different type. To be sure that book is important thing to bring us around the world. Adjacent to that you can your reading skill was fluently. A publication *The Drug Effect: Health, Crime and Society* will make you to end up being smarter. You can feel more confidence if you can know about every little thing. But some of you think in which open or reading a new book make you bored. It isn't make you fun. Why they are often thought like that? Have you looking for best book or appropriate book with you?

David Binkley:

This book untitled *The Drug Effect: Health, Crime and Society* to be one of several books this best seller in this year, here is because when you read this e-book you can get a lot of benefit upon it. You will easily to buy this book in the book retail store or you can order it by using online. The publisher on this book sells the e-book too. It makes you more readily to read this book, because you can read this book in your Cell phone. So there is no reason to you personally to past this publication from your list.

Lila Smith:

A lot of guide has printed but it differs from the others. You can get it by online on social media. You can choose the very best book for you, science, comedy, novel, or whatever by simply searching from it. It is named of book *The Drug Effect: Health, Crime and Society*. You can contribute your knowledge by it. Without causing the printed book, it may add your knowledge and make you happier to read. It is most critical that, you must aware about guide. It can bring you from one destination to other place.

Elijah McWhorter:

What is your hobby? Have you heard which question when you got learners? We believe that that issue was given by teacher to the students. Many kinds of hobby, Everyone has different hobby. And you know that little person just like reading or as looking at become their hobby. You must know that reading is very important and also book as to be the thing. Book is important thing to increase you knowledge, except your teacher or lecturer. You see good news or update in relation to something by book. Numerous books that can you decide to try be your object. One of them is The Drug Effect: Health, Crime and Society.
