## Vurt By Jeff Noon

Vurt is a feather--a drug, a dimension, a dream state, a virtual reality. It comes in many colors: legal Blues for lullaby dreams. Blacks, filled with tenderness and pain, just beyond the law. Pink Pornovurts, doorways to bliss. Silver feathers for techies who know how to remix colors and open new dimensions. And Yellows--the feathers from which there is no escape. The beautiful young Desdemona is trapped in Curious Yellow, the ultimate Metavurt, a feather few have ever seen and fewer still have dared ingest. Her brother Scribble will risk everything to rescue his beloved sister. Helped by his gang, the Stash Riders, hindered by shadowcops, robos, rock and roll dogmen, and his own dread, Scribble searches along the edges of civilization for a feather that, if it exists at all, must be bought with the one thing no sane person would willingly give.

### Editorial Review

#### Amazon.com Review

If you like challenging science fiction, then Jeff Noon is the author for you. *Vurt*, winner of the 1994 Arthur C. Clarke award, is a cyberpunk novel with a difference, a rollicking, dark, yet humorous examination of a future in which the boundaries between reality and virtual reality are as tenuous as the brush of a feather.

But no review can do Noon's writing justice: it's a phantasmagoric combination of the more imaginative science fiction masters, such as Phillip K. Dick, genres such as cyberpunk and pulp fiction, and drug culture.

If this tickles your fancy, you should definitely consider the sequel to **Vurt**, *Pollen*, or Noon's lighter and more accessible *Automated Alice*, a modern recasting of Lewis Carroll's *Alice in Wonderland*.

#### From Publishers Weekly

British novelist Noon debuts with a futuristic tale of a hallucinogenic drug that spins users into virtual worlds.

Copyright 1996 Reed Business Information, Inc.

#### From Library Journal

William Gibson meets Lewis Carroll in this novel of future England, a time when humans, robots, virtual beings, and their various crossbreeds coexist and, as their primary recreation, indulge in drug-laced feathers that induce a virtual reality state known as "the Vurt." Living on the edges of this strange new world are narrator Scribble and his scruffy gang, the Stash Riders. After a mysterious feather named "Curious Yellow" causes Desdemona, Scribble's sister and lover, to become trapped in the Vurt, Scribble becomes obsessed with rescuing her. His quest for another Curious Yellow takes him on a vertiginous journey through the squalid Manchester streets and deep into the shadowy depths of the Vurt. Humorous, horrific, and wildly original, *Vurt* is an imaginative triumph. Highly recommended.

--Lawrence Rungren, *Bedford Free P.L., Mass.*
