Editorial Review

From the Back Cover

EVERYTHING YOU NEED TO BUILD A WORKING ROBOT BASE --- FROM THE AUTHOR OF ROBOT BUILDER'S BONANZA

Here is the first title in the innovative new ROBOT DNA SERIES from McGraw-Hill, the premier publisher of references for the robotics hobbyist.

Author Gordon McComb focuses on the basic concepts and specific applications you need to build efficient robot bases -- and have a great time in the process. In the clear, easy-to-follow style that has made him a favorite among robotics fans, Gordon tells you how to get things up and running using only inexpensive, easily-obtained parts and simple testing equipment.

Detailed enough to get the job done, but written with the amateur hobbyist in mind, *Constructing Robot Bases* is your first point of reference when designing and building this essential subsystem.

ALL THE DATA YOU NEED TO BUILD YOUR OWN ROBOT BASE:

- * Mechanical Construction
- * Electrical Construction
- * Operating Power
- * Robot Designs
- * Constructing a Two-Wheeled Rover Robot
- * Selecting the right materials
- * Glossary of Terms
- * Tables, Formulas, and Constants
- * Resources (books, web pages, list servers, clubs, suppliers, etc.)

About the Author

Gordon McComb needs no introduction to robotics hobbyists. Mr. McComb has written more than fifty books and one thousand magazine articles and newspaper columns, much of it on science and technology. His writings have appeared in Popular Science, Omni, PC Magazine, and dozens of other recognized publications. For 15 years, Mr. McComb wrote a weekly nationally syndicated newspaper column on computers and was the founder of the Robotics Workshop in Popular Electronics magazine. He is the author of the blockbuster *Robot Builder Bonanza*, the longest-selling book on amateur robotics.

Users Review

From reader reviews:

Elmer Pereira:

With other case, little persons like to read book Constructing Robot Bases (Tab Electronics). You can choose the best book if you like reading a book. So long as we know about how is important any book Constructing Robot Bases (Tab Electronics). You can add information and of course you can around the world by a book. Absolutely right, simply because from book you can recognize everything! From your country till foreign or abroad you can be known. About simple factor until wonderful thing you could know that. In this era, you can open a book or maybe searching by internet gadget. It is called e-book. You should use it when you feel

fed up to go to the library. Let's examine.

Jennifer Day:

What do you concerning book? It is not important together with you? Or just adding material when you really need something to explain what the one you have problem? How about your extra time? Or are you busy particular person? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have time? What did you do? Every individual has many questions above. The doctor has to answer that question since just their can do in which. It said that about publication. Book is familiar on every person. Yes, it is right. Because start from on pre-school until university need this specific Constructing Robot Bases (Tab Electronics) to read.

Deanne Mohammed:

Now a day people that Living in the era wherever everything reachable by connect to the internet and the resources within it can be true or not need people to be aware of each info they get. How people have to be smart in having any information nowadays? Of course the correct answer is reading a book. Looking at a book can help men and women out of this uncertainty Information specially this Constructing Robot Bases (Tab Electronics) book because this book offers you rich details and knowledge. Of course the data in this book hundred pct guarantees there is no doubt in it you know.

Christopher Rangel:

Information is provisions for those to get better life, information presently can get by anyone at everywhere. The information can be a information or any news even a huge concern. What people must be consider whenever those information which is inside former life are challenging be find than now's taking seriously which one is appropriate to believe or which one often the resource are convinced. If you obtain the unstable resource then you have it as your main information you will see huge disadvantage for you. All those possibilities will not happen within you if you take Constructing Robot Bases (Tab Electronics) as the daily resource information.
