#### From the Author

Dear Readers;

I'm so excited about King and Gabi's story. It has all the things I love best in a romance story: sexy alpha hero, feisty heroine, cute-as-a-button toddler, scandal, glitz and a pretty awesome setting.

Gabi said goodbye to King when he was in a holding area at the police station. Seeing her first lover in handcuffs, having him reject her love and tell her to leave, wasn't exactly the stuff dreams were made of. She went away, licked her wounds and started over as a nanny. In a way, she used the family she worked for as a place to heal and focus on what she wanted for herself and it definitely wasn't NFL quarterback Kingsley Buchanan.

That night changed King. Though he and his best-friend were cleared of the charges the stigma of having been arrested remained. He has done his best to move on but he knows until the mystery of the past and who really killed Stacia is solved he is going to have a cloud hanging over him and his family.

He comes back to California's gorgeous Northern Coast to fix past mistakes and that includes the way he rejected Gabi. She's grown into a beautiful, confident woman who he wants in his life but convincing her to take a chance on him is hard.

I hope you enjoy the newest Sons of Privilege.

Happy reading!

Kathy :)

#### From the Inside Flap

"Things are never going to be strictly business between us, Gabi.

The past is always going to be there along with that one question."

Don't ask.

Don't do it. "What question?"

Kingsley leaned in even closer, and she had to fight the urge to bolt away from him. But she wouldn't let him know he was getting to her. She had to stand firm. He was just a man.

No.

He was more than a man. He was her own personaldemon. One that she hadn't exorcised because she'd never been able to see him as anything otherthan a hot fantasy. They'd barely dated before they'd slept together, and then everything had fallenapart.

She couldn't let him continue to dominate everymoment they had together.

"If that one night together was a fluke," he said.

He leaned in closer. So close that she'd barely haveto incline her head for their lips to brush.
