### I Am Morgan le Fay By Nancy Springer

Morgan is a willful, mischievous girl with mismatched eyes of emerald and violet. A girl of magic, whose childhood ends when King Uther Pendragon murders her father and steals away her mother. Then Pendragon dies and, in a warring country with no one to claim the throne, there are many who want Morgan dead. But Morgan has power, and magic. She is able to change the course of history, to become other, to determine her own fate-and, thus the fate of Britain. She will become Morgan le Fay.

"Springer wields language like a sword, and both blood and flowers spring to these pages in vivid hues." (*Booklist*, starred review)

### Editorial Review

From Publishers Weekly

HThe equally suspenseful follow-up to Springer's *I Am Mordred* again reinterprets Arthurian legend through the eyes of an archetypal villain, this time sorceress Morgan le Fay. In stylish prose, Morgan narrates her transformation from a willful, neglected child to a complex young womanAwho ends up embracing the ugly destiny she has always resisted: "I was the one who would bring down King Arthur.... Damn my fate and damn my future." As a six-year-old child she witnesses an act that she would only later come to understand: King Uther Pendragon, driven by lust for Morgan's mother, murders the Duke of Cornwall (Morgan's father) and, aided by Merlin's magic, disguises himself as the Duke in order to enter his widow's bedchambersAthe future King Arthur would be their yield. Thus, Morgan's filial jealousyAand her fate as one of the "fey" or fairy realm (her mismatched eyes are a tip-off)Alead to her dark deeds. Though she is not always likable, Morgan's power is seductive, and readers will at times summon sympathy for her and her plight. Springer parcels out plenty of magic and adventure to keep fantasy readers hooked. Some parts of the story may be challenging to those unfamiliar with Camelot, but for fans of *The Sword in the Stone* and other Round Table retellings, Morgan's side of the story will prove engrossing and thought-provoking. Ages 12-up. (Mar.)

From School Library Journal

Gr 7-10-As a girl of seven, Morgan has reason to resent her younger half-brother. Arthur's father, Uther Pendragon, killed her father and carried off her mother, Igraine the Beautiful. Furthermore, Igraine acts as though Arthur is her favorite child. As she grows into a teenager, Morgan accepts the fact that she is a fay, one of the immortal demigods of legendary Britain. She becomes a powerful sorceress but is undecided about her fate, until the death of her beloved and a final slight by her mother wound her soul beyond recovery. Her long-held resentment turns to hatred, and she realizes she is "the one who would bring down King Arthur." The strength of this story lies in its characterizations, especially of the fierce young Morgan, the mystical fays of Avalon, and the demented Igraine. However, it does not stand alone, since parts of Morgan's story that have been foreshadowed throughout the book are not played out in its final pages. Some of Morgan's tale is also told in *I Am Mordred* (Philomel, 1998), and her story will seem more complete to readers who enjoy the two books together.-Beth Wright, Fletcher Free Library, Burlington, VT

Gr. 6-10. Some tales must be reimagined and retold endlessly, so close is their grip on the human heart. Springer follows *I Am Mordred* with a look into the twisted darkness of Morgan, before she became le Fay. In this first-person telling, Morgan recounts her life from a deep well of bitterness and self-pity. She remembers her father's wretched death. She torments her gentle older sister, Morgause, and never quite appreciates the nurse Ongwynn who protects her. And the one person whom she truly adores, the lovely knight Thomas, she shackles with so many fetters that he can only break free to his death. Springer wields language like a sword, and both blood and flowers spring to these pages in vivid hues. *GraceAnne DeCandido*
