Raise Your Voice 2: The Advanced Manual By Jaime Vendera

One exercise, one minute, one new voice... In Raise Your Voice 2: The Advanced Manual, glass-shattering vocal coach Jaime Vendera unveils his most innovative exercise designed to explode a singer's voice beyond their potential. The "Ultimate Isolation Exercise" is comprised of a six-exercise stack, which takes approximately one minute per pitch. By stacking Jaime's top warm up and workout exercises, the vocal muscles are strengthened in a unique manner to assure increased vocal range, power, improved tonal quality, and stamina, while cutting practice time by as much as two-thirds. This book is NOT for the beginner, and should only be attempted by dedicated Raise Your Voice students! As well, Jaime revisits key components of his RYV methodology and introduces advanced students to new muscle building concepts and warm ups/ cool downs, including "stair-stepping" exercises, Vocal Stage Prep, and the Voice & Body Cool Down. For those yearning to enhance their vocal potential in minimal time, and go beyond their plateau, RYV2 is the answer!

Editorial Review

From the Author

This is my followup to my book, Raise Your Voice, which based on what I've learned over the past decade teaching the exercises from my first book to countless singers. This will take my 'Isolation' exercises to the next level for the readers who have mastered the exercises from my original method.

Users Review

From reader reviews:

Joyce Cassady:

This Raise Your Voice 2: The Advanced Manual book is just not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is actually information inside this publication incredible fresh, you will get information which is getting deeper anyone read a lot of information you will get.
