Syria's Uprising and the Fracturing of the Levant (Adelphi series) By Emile Hokayem

As an upbeat and peaceful uprising quickly and brutally descended into a zero-sum civil war, Syria has crumbled from a regional player into an arena in which a multitude of local and foreign actors compete. The volatile regional fault lines that run through Syria have ruptured during this conflict, and the course of events in this fragile yet strategically significant country will profoundly shape the future of the Levant.

Editorial Review

Review

"The book offers a meticulous and highly effective anatomy of the Syrian crisis, serving a comprehensive analysis that both illuminates and steers away from reductionist pitfalls." - *Nigel Gould Davies, International Affairs*

About the Author

Emile Hokayem's first-hand experience and sober analysis provide up-to-date insight into the myriad opposition groups, the conflicting external interests and the murky calculations of the Assad regime. Tracking the seeds of dissent that laid the groundwork for rebellion, he looks at how Syria's largely apolitical society mobilised and at the unpredictable dynamics that have been unleashed as the protest movement has radicalised and militarised. In the face of such profound challenges to its four decades of authoritarian rule, Hokayem also assesses the continued resilience of a regime that has escalated beyond the point of return.

Users Review

From reader reviews:

David Hyman:

Book is usually written, printed, or outlined for everything. You can know everything you want by a guide. Book has a different type. As it is known to us that book is important factor to bring us around the world. Beside that you can your reading proficiency was fluently. A book Syria's Uprising and the Fracturing of the Levant (Adelphi series) will make you to always be smarter. You can feel much more confidence if you can know about every thing. But some of you think which open or reading the book make you bored. It is not necessarily make you fun. Why they may be thought like that? Have you searching for best book or suited book with you?

Florence Booth:

As people who live in typically the modest era should be change about what going on or information even knowledge to make these people keep up with the era that is certainly always change and advance. Some of you maybe can update themselves by looking at books. It is a good choice for yourself but the problems coming to you actually is you don't know which one you should start with. This Syria's Uprising and the Fracturing of the Levant (Adelphi series) is our recommendation to help you keep up with the world. Why, because book serves what you want and wish in this era.
