**Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing)** From Springer

This book highlights a collection of high-quality peer-reviewed research papers presented at the Ninth International Conference on Advanced Computing & Communication Technologies (ICACCT-2015) held at Asia Pacific Institute of Information Technology, Panipat, India during 27–29 November 2015. The book discusses a wide variety of industrial, engineering and scientific applications of the emerging techniques. Researchers from academia and industry present their original work and exchange ideas, information, techniques and applications in the field of Advanced Computing and Communication Technology.

## **Editorial Review**

### **From the Back Cover**

This book highlights a collection of high-quality peer-reviewed research papers presented at the Ninth International Conference on Advanced Computing & Communication Technologies (ICACCT-2015) held at Asia Pacific Institute of Information Technology, Panipat, India during 27–29 November 2015. The book discusses a wide variety of industrial, engineering and scientific applications of the emerging techniques. Researchers from academia and industry present their original work and exchange ideas, information, techniques and applications in the field of Advanced Computing and Communication Technology.

### **About the Author**

Ramesh K. Choudhary, Director, Asia Pacific Institute of Information Technology, Panipat, obtained ME from Moscow Academy of Instrument Making and Information Science, Moscow and PhD from VMU, Salem. He has co-authored 'Testing of Fault Tolerance Techniques' published by Lambert Academic Publishing, Germany. He is an Indian Co-ordinator, FUSION, an EU (ERUSMUS MUNDUS) project to foster partnerships of emerging Asian countries with the EU countries to reinforce the existing collaborations developed through the EU funded projects. He is an Indian Indian Coordinator of Project LEADER in collaboration with University of Sannio, Italy and Jiao Tong University, China. His current areas of research are Software Engineering, Fault Tolerant Computing. He is Fellow of Institution of Engineers [India], Institution of Electronics & Telecommunication Engineers, and Member of IEEE, ACM, Chinese Association for Artificial Intelligence.

J. K. Mandal, former Dean, Faculty of Engineering, Technology and Management, University of Kalyani, Kolkata, obtained M.Tech in Computer Science from Calcutta University and PhD (Engg.) in Computer Science & Engineering from Jadavpur University, Kolkata. Prof. Mandal has co-authored 6 books all published by Lambert Academic Publishing, Germany. He has over 350 papers published to his credit. His current areas of research are Coding theory, Data and Network Security, Remote Sensing and GIS-based Applications, Data Compression, Error Correction, Visual Cryptography and Steganography, Distributed and Shared Memory Parallel Programming. Prof. Mandal is included in the 31st edition of Marque's World Who's Who published in 2013. He is Fellow of Institution of Electronics & Telecommunication Engineers, and Member of IEEE, ACM, and Computer Society of India.

Nitin Auluck is Associate Professor, Department of Computer Science and Engineering at the Indian Institute of Technology Ropar, Rupnagar, Punjab, India. Prior to that, he was an Assistant Professor, Department of Computer Science at Quincy University, Illinois, USA. He obtained PhD in Computer Science and Engineering from the University of Cincinnati, Cincinnati, Ohio, USA in 2005. He has published in IEEE Trans. on PDS, Trans. on Computers and Intelligent Systems, Proceedings of the IEEE International Symposium on Parallel Architectures, Algorithms and Programming 2012, Taipei etc. His current areas of research are Real-time Systems, Scheduling, Parallel and Distributed Computing.

H. A. Nagarajaram is a Group Leader, 'Laboratory of Computational Biology' CDFD, Hyderabad. Dr. Nagarajaram obtained PhD from Molecular Biophysics Unit [MBU], IISc, Bengaluru and did post-doctoral research with Sir Tom Blundell, FRS, University of Cambridge, England. His current research interests mainly focus on proteins with regard to their structures, variations and interactions. He has publications in

several high impact journals. e.g. Proceedings of the National Academy of Sciences of USA (PNAS) etc. Dr. Nagarajaram is a Member of The National Academy of Sciences, Allahabad, India.

## **Users Review**

### **From reader reviews:**

#### **Rosa Johnson:**

Inside other case, little individuals like to read book Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing). You can choose the best book if you love reading a book. As long as we know about how is important any book Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing). You can add knowledge and of course you can around the world by just a book. Absolutely right, because from book you can recognize everything! From your country till foreign or abroad you can be known. About simple issue until wonderful thing you could know that. In this era, we could open a book or even searching by internet device. It is called e-book. You need to use it when you feel weary to go to the library. Let's read.

#### **Katie Cardiel:**

The book Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing) can give more knowledge and also the precise product information about everything you want. Why then must we leave the best thing like a book Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing)? Several of you have a different opinion about e-book. But one aim which book can give many data for us. It is absolutely right. Right now, try to closer using your book. Knowledge or info that you take for that, you can give for each other; you may share all of these. Book Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing) has simple shape but the truth is know: it has great and massive function for you. You can seem the enormous world by available and read a publication. So it is very wonderful.

#### **Raymond Albanese:**

Do you certainly one of people who can't read gratifying if the sentence chained within the straightway, hold on guys this particular aren't like that. This Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing) book is readable by you who hate those straight word style. You will find the details here are arrange for enjoyable looking at experience without leaving actually decrease the knowledge that want to deliver to you. The writer connected with Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing) content conveys thinking easily to understand by many people. The printed and e-book are not different in the information but it just different as it. So , do you still thinking Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing) is not loveable to be your top record reading book?

**Stephen Medley:**

Playing with family inside a park, coming to see the water world or hanging out with pals is thing that usually you may have done when you have spare time, subsequently why you don't try factor that really opposite from that. A single activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love Advanced Computing and Communication Technologies: Proceedings of the 9th ICACCT, 2015 (Advances in Intelligent Systems and Computing), you are able to enjoy both. It is great combination right, you still desire to miss it? What kind of hangout type is it? Oh can happen its mind hangout people. What? Still don't get it, oh come on its referred to as reading friends.
