Editorial Review

Review

"This volume is a great book, and it offers something of a prelude to Jung's monumental *Psychology and Alchemy*, *Mysterium Coniunctionis* and *Aion*. It is a book that should be read slowly . . . to absorb its many meanings."--*M.D. Medical Newsmagazine*

From the Back Cover

This collection of five essays, with numerous illustrations, traces his developing interest in alchemy from 1929 on and may be read both as a useful introduction and as a valuable supplement to his longer works on the subject.
