Metric Handbook: Planning and Design Data From imusti

- Significantly updated in reference to the latest construction standards and evolving building types
- Many chapters revised including housing, transport, offices, libraries and hotels
- New chapter on flood-aware design
- Sustainable design integrated into chapters throughout
- Over 100,000 copies sold to successive generations of architects and designers
 - this book belongs in every design studio and architecture school library

The *Metric Handbook* is the major handbook of planning and design information for architects and architecture students. Covering basic design data for all the major building types, it is the ideal starting point for any project. For each building type, the book gives the basic design requirements and all the principal dimensional data, and succinct guidance on how to use the information and what regulations the designer needs to be aware of.

As well as building types, the *Metric Handbook* deals with broader aspects of design such as materials, acoustics and lighting, and general design data on human dimensions and space requirements. The *Metric Handbook* provides an invaluable resource for solving everyday design and planning problems.

Editorial Review

Review

'Faced with the complexity of design as a student, the *Metric Handbook* gave me the ingredients so that I could work out how, and what size things should be, to make a building – this remains just as relevant and invaluable now in practice. An essential reference for everyone involved in the building industry.' - *John Pardey RIBA, Director John Pardey Architects*

Praise for the 4th edition

'This book is a great investment as you will use it throughout your career as an architect.'

'I have found that this book is the Bible for all planners, contains so much information that no designer or planner should be without a copy.'

'An essential reference book that should be on the shelf in any design studio.'

About the Author

Pamela Buxton is a freelance architecture and design journalist. She has contributed to many national newspapers, consumer magazines and trade publications including the architecture publications *Building Design* and *RIBA Journal*.

Users Review

From reader reviews:

Heather Goodson:

Why don't make it to become your habit? Right now, try to ready your time to do the important act, like looking for your favorite book and reading a reserve.
