## Philosophy By Kevin Perry

Philosophy is to question everything. More than a lifestyle, larger than any single idea, broader than a conviction, philosophy is the love of exploration, of knowledge, of uncertainty, and of that cornerstone of free thinking: doubt. Kevin Perry's "Philosophy" takes the reader on a grand tour of life's biggest questions, examining all that the world's greatest philosophers have said about life and death, love and loss, language, art and God, to name a few.

Philosophy is a great companion and a roadmap to navigate life's major milestones, including: How to make sense of death What loving someone or something means The effect of art on our lives What role language plays in understanding the world How do our ideas affect our actions
