### Editorial Review

#### About the Author

Today, Tony has traveled all over the country speaking to groups of all ages. He is one of the most sought-after speakers in the USA. He speaks on topics of love, business, success and self-development. He has addressed audiences for countless colleges and universities, major sports organizations and churches. In addition, he is finally conquering his fear of flying so that he can accept the hundreds of invites from around the globe. Tony is an author of several books and a professional life coach by day, coaching people from all walks of life all around the globe. He is also a TV & film producer on the rise. Because of his vast life experiences, Tony has become a jack-of-all-trades but a master of service. It is his belief that as we live, we should teach. This philosophy urged him to create online schools for people who desire to learn about love and relationships, entrepreneurship or becoming a life coach. He also organizes and hosts retreats for those who need to get away, have a great time, and change their lives in the process. Tony's story is a testament that it doesn't matter where you come from or what you've been through; if you want better for your life, then you can have it. The choice is yours!

### Users Review

#### From reader reviews:

##### **Arturo McDaniel:**

In other case, little individuals like to read book Single Is Not A Curse. You can choose the best book if you'd prefer reading a book. Providing we know about how is important the book Single Is Not A Curse. You can add information and of course you can around the world by a book. Absolutely right, since from book you can learn everything! From your country until finally foreign or abroad you can be known. About simple point until wonderful thing you can know that. In this era, we can open a book as well as searching by internet unit. It is called e-book. You can use it when you feel uninterested to go to the library. Let's study.

##### **Bernice Mignone:**

Now a day those who Living in the era where everything reachable by interact with the internet and the resources inside it can be true or not demand people to be aware of each information they get.
