Editorial Review

From School Library Journal

Grade 4 Up—This book is a study in contradictions. While it is a wonderful starting point for young comic-book artists who may be frustrated by the level of sophistication in many "how-to-draw comics" books, Okum's art skills are barely up to the standards that most mainstream comics reflect. Sloppy perspective and lack of detail are the most notable differences, as is Okum's use of thick, black outlines around all of his characters. To be fair, the audience for whom this book is written will most likely not take issue with the drawing style. In fact, they may enjoy these graphically simple superheroes that are also creatively diverse. A second aspect of the book that is both refreshing and frustrating is Okum's use of computer effects in his art. He devotes two brief pages to his use of computers for shading, highlighting, and special coloring effects. For the remainder of the book, as he shows a step-by-step process for drawing characters, the final drawing is always shown colored and highlighted by computer, although he never states that he has done this or how. In general, young artists will like reading Okum's character profiles and may glean some basic information on how to create a character for a comic book, cartoon, video game, or role-playing game. But for kids who want to find out how to draw professional-looking comic books, there are many better books available.—*Steev Baker, Kewaskum Public Library, WI*

About the Author

David Okum stays in touch with young artists through his work as a high school teacher and by running after-school comic book workshops. A freelance artist and illustrator since 1984, his work has appeared in a number of anthologies and small press comic books. He lives in Waterloo in Ontario, Canada.

Users Review

From reader reviews:

James Newman:

Do you really one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Make an effort to pick one book that you never know the inside because don't ascertain book by its handle may doesn't work at this point is difficult job because you are scared that the inside maybe not because fantastic as in the outside search likes. Maybe you answer can be Superhero Madness why because the great cover that make you consider concerning the content will not disappoint you actually. The inside or content is usually fantastic as the outside or cover. Your reading 6th sense will directly show you to pick up this book.

Timothy Reed:

Are you kind of occupied person, only have 10 or perhaps 15 minute in your day time to upgrading your mind proficiency or thinking skill possibly analytical thinking? Then you are receiving problem with the book in comparison with can satisfy your short space of time to read it because pretty much everything time you only find publication that need more time to be go through. Superhero Madness can be your answer mainly because it can be read by you who have those short extra time problems.
