Oxford American Handbook of Clinical Pharmacy (Oxford American Handbooks of Medicine) From Oxford University Press

Written by leading American practitioners, the Oxford American Handbooks of Medicine each offer a pocket-sized overview of an entire specialty, featuring instant access to guidance on the conditions that are most likely to be encountered. Precise and prescriptive, the handbooks offer up-to-date advice on examination, investigations, common procedures, and in-patient care. These books will be invaluable resources for residents and students, as well as a useful reference for practitioners.

The *Oxford American Handbook of Clinical Pharmacy* provides an accessible and easily navigable quick-reference guide for practicing and student pharmacists. It is not just another drug book, but a complete, portable coverage of the pharmacy profession, from high-value scientific and clinical information, such as adverse drug reactions, interactions, and pharmaceutical calculations to professional issues such as ethics, practice management, evidence-based medicine, and research. It covers the main body systems and provides a wealth of practical information required by pharmacists on a day-to-day basis, including many topics not traditionally found in handbooks.

Why choose the Oxford American Handbook of Clinical Pharmacy?

The design....

The Handbook uses a unique flexicover design that's durable and practical. Compact, light, and fits in your pocket! Also has quick reference tabs, four-color presentation, and bookmark ribbons to help provide fast answers.

The interior layout....

The Handbook is a quick reference in a small, innovative package. With one to two topics per page, it provides easy access and the emergency sections are in red to stand out. Icons throughout aid quick reference.

The information....

The Handbook succinctly covers all the essential topics in a one or two-page

spread format with colored headings that break up the text and provide a logical structure for readers of all levels. Common clinical questions are answered clearly and extensively.

The history....

Oxford University Press is known around the world for excellence, tradition, and innovation. These handbooks are among the best selling in the world.

The price....

You get an extremely useful tool at a great value!

Editorial Review

Review

"This is the first truly pocket-sized book I've seen that covers such a wide array of clinical pharmacy topics. This is the best portable reference I have come across with the topics that nearly all pharmacists will find useful in their areas of clinical practice."--*Doody's*

About the Author

Michelle McCarthy and Denise Kockler are well-respected in their field.

Users Review

From reader reviews:

Lorenzo Logan:
