Popular Mechanics Workshop: Miter Saw Fundamentals: The Complete Guide By Rick Peters, Popular Mechanics

Woodworkers trust *Popular Mechanics* to give them the information they need—and the *Workshop* series, written by respected DIY author Rick Peters, has proven invaluable. Each title covers a single tool in depth, with photos and exploded views, instructions, charts, and sidebars. This new entry covers the popular miter saw—a relatively new piece of equipment that has become a must-have on every job site and woodworking shop. That's no surprise: it covers a wide variety of tasks with great precision. Peters helps woodworkers identify which saws and accessories best fit their needs; teaches basic and advanced techniques; and shows how to make jigs and fixtures that expand the tool's capabilities. Attractive projects include a simple desk frame, beveled tray, and end table.
