Project Management Step by Step: The Proven, Practical Guide to Running a Successful Project, Every Time By Richard Newton

You've been given a project to run. You know you need to get it right, but you don't know what you need to do and in what order to make sure it all runs smoothly and you come out of it looking great. You need "Project Management Step by Step". Almost every manager and businessperson finds at some time that he or she has to complete a task that has sufficient complexity and importance that an ad-hoc approach to getting it done is just not enough. Managers in this common situation need the structure and rigour of a project management approach, yet very few managers are formally trained in project management or have the inclination, time or finances to become trained. They need an approach they can feel confident in is sufficiently robust to ensure their success, but also simple enough to be immediately applicable. "Project Management Step by Step" provides the solution to this problem; a practical and immediate way to become a competent project manager. This is a comprehensive and authoritative guide written and structured in a practical and rapidly applicable style.

Editorial Review

From the Back Cover

The proven, practical guide to running a successful project, every time

“This straightforward and insightful approach gives results. It provides enough structure to ensure visibility and reliable delivery without smothering you with paperwork. It's no nonsense real change for the real world.” *Matthew Deardon, CEO, BT Directories*

You've got an important project to run. You need to know what to do, in what order, to make sure it all runs smoothly. You want to come out of it with the desired result, and looking good. This book is for you.

Project Management Step by Step is the proven, practical guide to running a highly successful project, one step at a time. It breaks down the management of the project into easy stages that will ensure you cover everything, at the right time, to bring about a successful delivery.

Refreshingly jargon-free, it's a book for anybody who doesn't need in-depth theory and principles of various project management techniques, but rather just wants a foolproof guide to making sure their project runs smoothly, on time and to budget. It offers an approach robust enough to ensure your success, but simple enough to be immediately applicable.

This is the fast track guide to becoming a competent and polished project manager.

“A great approach, simple to understand, yet powerful in application. It delivers the project results!” *Dave Keighley, Managing Director Operations and Logistics, NTL*
