Remind Me Again Why I Need A Man: A Novel By Claudia Carroll

Amelia Lockwood doesn't mean to sound greedy. She's got a fabulous career in television, a posh apartment, and four fiercely loyal and wickedly funny friends. The only thing she's missing is a husband. So she swallows her pride, signs up for dating boot camp, and enlists the help of a professional—an acidic New Yorker with a black belt in "tongue fu"—who'll help Amelia apply proven business-marketing principles to finding her dream man. Amelia's first assignment is to track down all the lovers she's ever lost—from the guy who dumped her during Live Aid to her most painfully recent ex, he-whose-name-shall-forever-remain-unspoken—because her future happiness depends on her tackling lesson number one: If you can't learn from your past, how will you ever move forward?

Editorial Review

From Publishers Weekly

Irish actress-turned-novelist Carroll (He Loves Me, He Loves Me Not) draws on her experience as a soap opera star to trace the checkered romantic history of a successful Dublin television producer. Amelia Lockwood, 37 and unmarried, is haunted by a recurring vision of herself in a Vera Wang dress accompanied by a headless groom. To find love, she resorts to a seminar that requires her to revisit old boyfriends and do a kind of exit interview to find out what she's been doing wrong. Her stable of college friends (the Lovely Girls) mock her, but Amelia settles in for a jaunty ride through a rogue's galley of exes. Carroll works the work vs. love trade-off with outrageous comic detours and gives Amelia a sincere but sharp-witted voice.

From [Booklist](#)

On paper, Amelia Lockwood, 37, seems to have it all—a great career as a television producer and great friends in married Caroline, bitter Rachel, and flamboyant Jamie—except for a man. Determined to change this, she enrolls in a night course for women over 35 on how to find a husband. The instructor demands she and her fellow classmates revisit 10 past boyfriends past in order to figure out what they have been doing wrong. Amelia dutifully makes the calls, revisiting the louse who cheated on her, the vain control freak, and the snooty rich boy. The one ex she doesn't want to revisit, her most recent boyfriend, turns up on her doorstep to announce that he not only is engaged but also will be living, along with his bride-to-be, right down the street. Buoyed by a charming cast of characters, Carroll's second novel will have readers rapidly turning the pages to find out if Amelia finds her man and lives happily ever after—with or without him.

Review

Carroll works the work vs. love trade-off with outrageous comic detours . . . a sincere but sharp-witted voice.

Users Review
