Angel Fire East (The Word and the Void Trilogy, Book 3) By Terry Brooks

As a Knight of the Word, John Ross has struggled against the dark forces of the Void and his minions for twenty-five years. The grim future he dreams each night-- a world reduced to blood and ashes--will come true, unless he can stop them now, in the present.

The birth of a gypsy morph, a rare and dangerous creature that could be an invaluable weapon in his fight against the Void, brings John Ross and Nest Freemark together again. Twice before, with the fate of the world hanging in the balance, the lives of Ross and Nest have intersected. Together, they have prevailed. But now they will face an ancient evil beyond anything they have ever encountered, a demon of ruthless intelligence and feral cunning. As a firestorm of evil erupts, threatening to consume lives and shatter dreams, they have but a single chance to solve the mystery of the Gypsy morph--and their own profound connection.

Editorial Review

Amazon.com Review

Angel Fire East marks the close of Terry Brooks's Nest Freemark-John Ross saga, which began with 1997's *Running with the Demon*. After a long layover in Seattle for the middle book, *Knight of the Word*, the fantasy-meets-modernity action returns to Nest's native Hopewell, where once again Nest and John must face off against the Void, this time in the form of ancient demon Findo Gask, who favors a black-clad evil preacher getup for his menacing needs.

Brooks's well-realized and likable cast from the previous books is back, from Nest (now 29) to Ross (haggard as ever) to Pick (still just a few inches tall) and even grown-up versions of Nest's childhood friends from *Running*, including Bennett, now a junkie with child. Of course, Findo Gask has assembled a creepy little Legion of Doom to harry these nice folks: a giant albino demon; a formless, flesh-eating *ur'droch*; and a knife-wielding Orphan-Annie-gone-bad named Penny Dreadful. And *Angel Fire*'s main plot thread is even compelling: John Ross has caught a shape-changing, wild-magic creature of enormous power, a gypsy morph, that he and Nest must discover how to turn to the Word before Gask and his crew can capture it for the Void.

But as with *Knight of the Word*, wooden pacing and unconvincing transitions keep this tale from rising to the level of Brooks's previous masterworks, such as the excellent Shannara and Landover series. If you've read the first two books, it's certainly worth seeing off your old friends in *Angel Fire East*. But if you're--heaven forbid--new to Terry Brooks, check out his earlier work, or even his very capable novelization of *Star Wars Episode I: The Phantom Menace*. --Paul Hughes

From Publishers Weekly

Fighting supernatural evil is taxing work, and Brooks's third novel of humanity's stand against the demons of the Void shows hints of battle fatigue. Fifteen years have passed since the events chronicled in *Running with the Demon* (1997), but neither *Knight of the Word* John Ross nor former Olympic runner Nest Freemark seem much changed by their encounters with predatory devils who incarnate modern social ills: he is still the reluctant hero tasked with preventing the Void's incursion into human affairs, and she remains the righteous heroine suppressing her demon-tainted powers. The plot follows a pattern similar to *A Knight of the Word* (1998), beginning with Ross's tormenting vision of the future that will occur if he fails to keep a gypsy morph--a shapeshifting bundle of "wild magics" with potential to become a weapon for good or evil--from falling into demon hands. Ross seeks Nest's help in Hopewell, Ill., a hometown of Norman Rockwell blissfulness primed for demonic devastation. There the morph changes into a young boy, which makes him vulnerable to the schemes of avuncular fiend Findo Gask and provides Brooks with a focus for exploring the importance of parental responsibility and mother love. This predictable dark fantasy springs a few surprises at its end, but the long parade of characters from the earlier installments gives it the feel of a family reunion one endures out of obligation rather than enthusiasm. Like Nest, this novel keeps pace, but a change of direction is in order for the series. (Oct.)

From Library Journal

The birth of a gypsy morph, a creature of magic belonging to neither the Word nor the Void, signals the onset of the final battle between John Ross, *Knight of the Word*, and the demons who serve the evil force represented by the Void. Once again, Nest Freemark joins forces with Ross as they strive to unlock the secret

of the gypsy morph before their arch enemy can claim the creature for its own. The conclusion to the story begun in *Running with the Demon* and *Knight of the Word* leaves room for new developments while wrapping up the tale of a courageous man's dedication to a demanding cause. For libraries that own the previous series titles and where the author has a following.

Users Review

From reader reviews:

Curtis Wilson:

This book untitled *Angel Fire East* (*The Word and the Void Trilogy*, Book 3) to be one of several books that will best seller in this year, that's because when you read this reserve you can get a lot of benefit into it. You will easily to buy this book in the book retailer or you can order it by means of online. The publisher in this book sells the e-book too. It makes you more easily to read this book, because you can read this book in your Cell phone. So there is no reason for your requirements to past this guide from your list.

Celeste Silver:

As we know that book is essential thing to add our know-how for everything. By a guide we can know everything we really wish for. A book is a set of written, printed, illustrated or even blank sheet. Every year was exactly added. This guide *Angel Fire East* (*The Word and the Void Trilogy*, Book 3) was filled in relation to science. Spend your spare time to add your knowledge about your technology competence. Some people has diverse feel when they reading some sort of book. If you know how big benefit of a book, you can experience enjoy to read a e-book. In the modern era like currently, many ways to get book that you wanted.

Henry Hedrick:

As a pupil exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this *Angel Fire East* (*The Word and the Void Trilogy*, Book 3) can make you experience more interested to read.

Gloria Quinones:

Reading a guide make you to get more knowledge from the jawhorse. You can take knowledge and information originating from a book. Book is composed or printed or highlighted from each source this filled update of news. In this particular modern era like now, many ways to get information are available for a person. From media social such as newspaper, magazines, science guide, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Are you hip to spend your spare time to

open your book? Or just in search of the Angel Fire East (The Word and the Void Trilogy, Book 3) when you required it?
