About the Author

John Mueller is a freelance author and technical editor. He has writing in his blood, having produced 74 books and over 300 articles to date. The topics range from networking to artificial intelligence and from database management to heads-down programming. Some of his current books include a Windows power optimization book, a book on .NET security, and books on Amazon Web Services, Google Web Services, and eBay Web Services. His technical editing skills have helped over 52 authors refine the content of their manuscripts. John has provided technical editing services to both *DataBased Advisor Magazine* and *Coast Compute* magazines. He's also contributed articles to magazines like *CIO.com*, *DevSource*, *InformIT*, *Informant*, *DevX*, *SQL Server Professional*, *Visual C++ Developer*, *Hard Core Visual Basic*, *asp.netPRO*, *Software Test and Performance*, and *Visual Basic Developer*.

Users Review

From reader reviews:

Mary Todd:

The book RibbonX For Dummies can give more knowledge and also the precise product information about everything you want. Why then must we leave a very important thing like a book RibbonX For Dummies? Some of you have a different opinion about guide. But one aim in which book can give many info for us. It is absolutely right. Right now, try to closer along with your book. Knowledge or data that you take for that, it is possible to give for each other; you could share all of these. Book RibbonX For Dummies has simple shape but you know: it has great and massive function for you. You can search the enormous world by wide open and read a reserve. So it is very wonderful.

Federico Crouch:

Exactly why? Because this RibbonX For Dummies is an unordinary book that the inside of the publication

waiting for you to snap this but latter it will shock you with the secret the item inside. Reading this book beside it was fantastic author who all write the book in such amazing way makes the content interior easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of benefits than the other book have such as help improving your talent and your critical thinking way. So , still want to hold up having that book? If I have been you I will go to the guide store hurriedly.

Mark Guerrero:

Are you kind of occupied person, only have 10 or 15 minute in your time to upgrading your mind expertise or thinking skill even analytical thinking? Then you have problem with the book than can satisfy your limited time to read it because this all time you only find reserve that need more time to be examine. RibbonX For Dummies can be your answer because it can be read by a person who have those short time problems.

Marian Dyer:

Do you like reading a reserve? Confuse to looking for your preferred book? Or your book has been rare? Why so many question for the book? But any people feel that they enjoy for reading. Some people likes studying, not only science book but novel and RibbonX For Dummies as well as others sources were given information for you. After you know how the truly great a book, you feel wish to read more and more. Science publication was created for teacher as well as students especially. Those publications are helping them to include their knowledge. In some other case, beside science publication, any other book likes RibbonX For Dummies to make your spare time much more colorful. Many types of book like this.
