Slave Planet By J.W. McKenna

When five female astronauts were named to pilot the latest interstellar scout ship, the U.S.S. Letanya, it didn't take long for the wags to dub it the "Lesb;anya." Even in 2075, an all-woman crew was met with snickers and jokes by late-night comedians. Capt. Kathryn Dyson was out to prove them wrong. When they discovered a strange new world with humanoid life long before any male explorers did, it seemed NASA's shaky faith in the mission would be justified. Unfortunately, some of the crew got themselves captured by the huge man-like beings on the planet and turned into slaves. Now it's up to Kate Dyson to rescue her crew or die trying, because she's not going back without them, despite NASA's orders. Can she avoid becoming just another sex object on... Slave Planet

Editorial Review

Review

"a fantastic, sexy tale, filled with strong women who know what they want and are not afraid to take it." --
Amy Turpin for The Romance Studio

About the Author

J.W. McKenna is a former journalist who took up penning erotic romance stories after years of trying to ignore an overly dramatic—and often overheated—imagination. McKenna is married and lives in the Midwest, where polite people would be shocked if they knew what kind of writing was being done in their town.

Users Review

From reader reviews:

Morris Reyna:

As people who live in often the modest era should be up-date about what going on or info even knowledge to make these keep up with the era that is certainly always change and move forward. Some of you maybe may update themselves by studying books. It is a good choice for you personally but the problems coming to an individual is you don't know what kind you should start with. This Slave Planet is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and want in this era.

Florence Hall:
